ii Home	▪ When your tablet is off, press and hold **ii Home** for 5 seconds to turn it on.
	▪ Press and hold **ii Home** to turn your tablet off.
	▪ Press **ii Home** once to access the Home screen.
Touchscreen	The screen you'll use to control your tablet. Touch icons to launch applications.
Home Screen	The Home screen shows commonly used applications. Reach this any time by pressing **ii Home**.
Launcher	Shows a screen with all your tablet's applications.
Browser	Press the **Browser icon** to surf the Internet.
Back button	Press the **Back button** to go back to the previous screen.
Menu button	While using an application, press the **Menu button** to see more options.
Phone	Press the **Phone icon** to launch the Phone dialling pad.

Before you follow this guide, make sure you've used your Quick Installation Guide to get Budii™ Modem up and running. You'll need it set up to get started with your tablet.

FIRSTLY CHARGE YOUR BUDII™ TABLET

The first thing you'll need to do is charge your tablet's battery for at least 24 hours. Doing this is important as it preserves the battery's capacity.

To charge your tablet on the Budii™ Modem:

- Make sure your Budii™ Modem is connected to power.
- Place your tablet in the charging position on the Budii™ Modem, as shown in the image below.

To charge your tablet on a Budii™ picture frame charger:

- Make sure the picture frame charger is connected to power.
- Place your tablet in the charging position on the picture frame, as shown in the image below.

> ⚠ **If your tablet is off, press and hold ii Home for 5 seconds to turn it on.**

Here's what happens when you charge a Budii™ Tablet:

- If the battery is empty, the tablet will take at least 20 minutes to turn on.
- When the battery has charged enough, the tablet will wake up.
- You can continue to charge your tablet while it's on. The screen will dim after a few minutes of inactivity. Press **ii Home** to wake up the tablet.

SURFING THE WEB
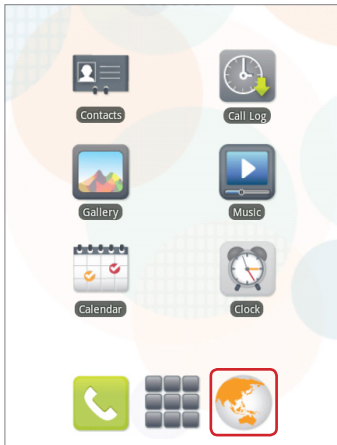

1. From your tablet's Home screen, press the **Browser icon**.
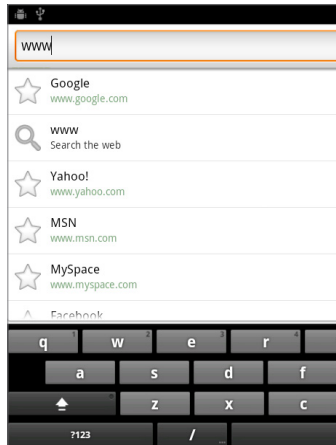

2. Press the **Address bar** and type either:
   - a URL - e.g. www.iinet.net.au
   - a search term - e.g. funny cat videos.
3. When you've finished typing, press **Go**.

MAKING A PHONE CALL

To make a phone call with your Budii™ Tablet:

1. With your Budii™ Tablet turned on, press the **Phone icon**.

2. From the number keypad, type the number you want to call. Press the **green Phone icon** when you've finished typing.
3. Calls you make with your tablet are hands-free - so simply rest the tablet on your desk and talk. Press **End Call** to hang up.

GETTING STARTED WITH A MICROSD CARD

MicroSD cards are not included with your Budii™ Tablet. However, you can use your own MicroSD card to access portable music or other media content on your Budii™ Tablet.

1. Lift the cover from the MicroSD card slot.

2. Insert the MicroSD card, logo facing up, into the slot (*figure 1*).

3. Gently push the card into the slot until it clicks into place.

4. Access the content of your MicroSD card through the **File Explorer** (*figure 2*).

(*figure 1*)

(*figure 2*)
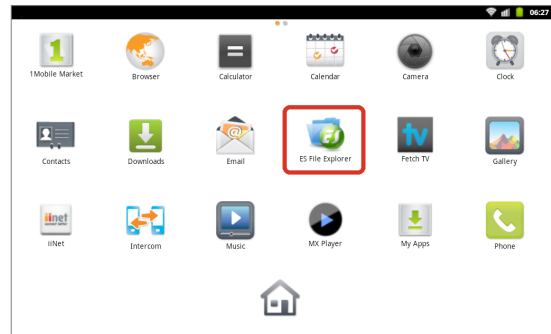

SOFTWARE UPDATES

To update your Budii™ Tablet software, follow these instructions.

NOTIFICATIONS BAR
Swipe down to open
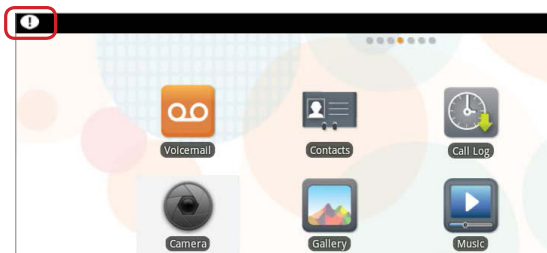

1. If a software update is available, the Software Update
   Notification icon [icon] is displayed in the **Notifications bar**.
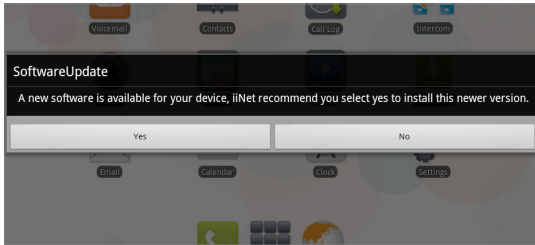

2. Swipe down the **Notifications bar**.

3. Press **New software update is available**.
4. Wait while your tablet finds the new software, then press
   Start Update.

Please note: your Budii Tablet will need to be connected to the internet (WI-FI) to download software updates. Refer to page 15 for instructions on connecting your tablet to WI-FI.

5. Press **Yes**.
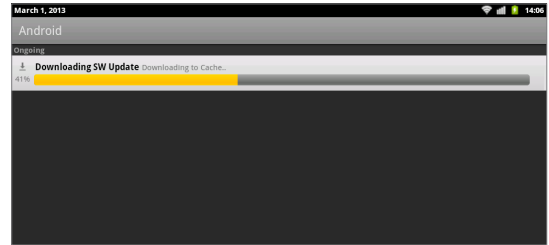

6. Wait while the software update downloads to your tablet.
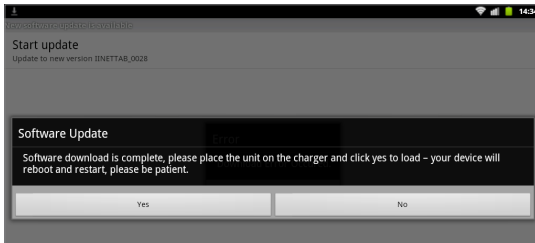

7. When the download has finished, this message appears.
    Press **Yes**.

8. Wait while your tablet finds the new software, then press
    Start Update.

9. Your tablet will automatically install the new software and reboot. You'll see this loading screen - when the tablet has finished booting, the software update is complete.

Whilst downloading the software, the **icon will appear in your notifications bar.**
You can pull down the notifications bar to see the progress.
Place your Budii™ Tablet on to the charging rail on the Budii™ Modem to enable the software update.
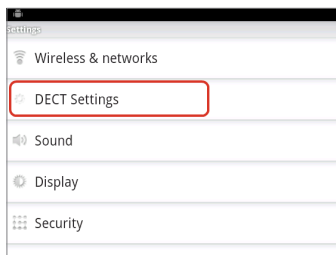

Additional Budii™ Tablet

PAIR YOUR NEW TABLET WITH YOUR BUDII™ MODEM FOR PHONE CALLS

Make sure you're in the same room as your Budii™ Modem before you start this process, and that Budii™ is switched on.

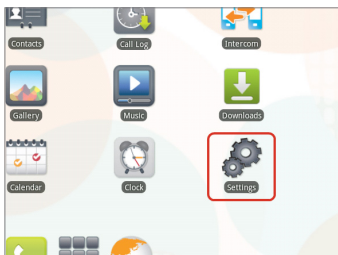

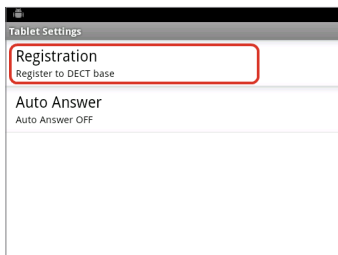

1. From your tablets Home screen, press **Settings**.

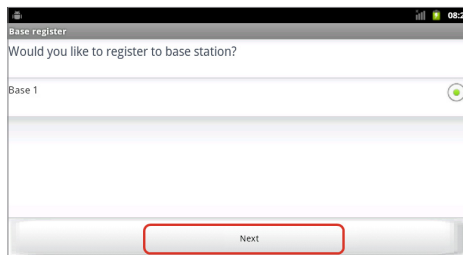

2. Press **DECT Settings**.

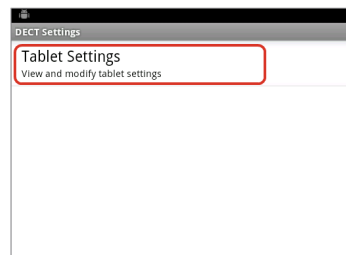

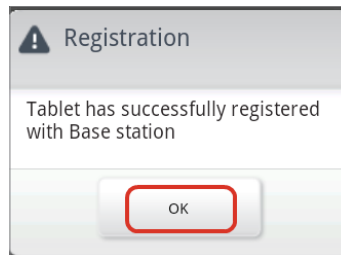

3. Press **Tablet Settings**.
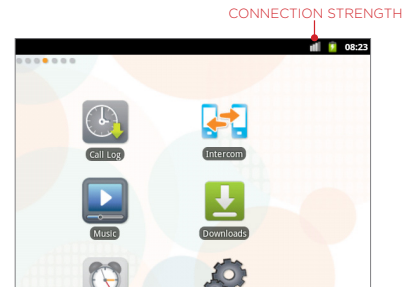

4. Press **Registration**.

5. Press **Next**.

6. Press and hold the **Pair** ⊞ **button** on the Budii™ Modem's back panel for 5 seconds.

7. Wait a few moments while the tablet pairs with your Budii™ Modem. When the tablet has paired, this message appears. Press **OK**.
CONNECTION STRENGTH

8. Once the tablet is paired, the **Connection Strength** icon shows how strong the signal is from the Budii™ Modem.
## CONNECT YOUR NEW TABLET TO THE BUDII™ MODEM'S WI-FI NETWORK

1. From your tablet's Home screen, press **Settings**.

2. Press **Wireless & Networks**.

3. Tick **Wi-Fi**.

4. Press **Wi-Fi Settings**.

5. Press **WPS Connect**.

6. Press **Connect**.

CONNECTION STRENGTH

| Wi-Fi settings |
| --- |
| **Wi-Fi**
Connected to Budiiprimary356903 |
| **Network notification**
Notify me when an open network is available |
| Wi-Fi networks |
| **Budiiprimary356903**
Connected |
| **Network3**
Secured with WEP |
| **Add Wi-Fi network** |

7. For this step, go to your Budii™ Modem.

    Press and hold the **WPS button** on the Budii™ Modem's back panel for 5 seconds.

8. Wait a few moments while your tablet connects to the Budii™ home network.

    When the tablet has finished connecting, you'll see something like this.
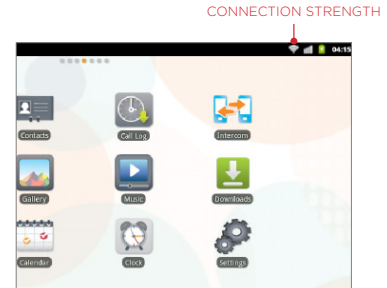

9. The strength of your Wi-Fi connection is shown by the **Wi-Fi icon**:

HOORAY!

Your Budii™ Tablet is up and running.
